

# AURORA

**Flash Feature of the Week!**

**35,000 BTU Furnace.**

Extending your camping season.

# What does a 35,000 BTU furnace mean to the owner?

**ONLY 3** out of 32 models in the Class use 35,000 BTU Furnaces

By The Numbers:

**Over 3.5x** The BTU's needed to heat Aurora 20 ft.- 30 ft. travel trailers.

**Over 3x** The BTU's needed to heat Aurora 31 ft.- 35 ft. travel trailers.

## ADVANTAGES:

- ✓ Longer Camping Season
- ✓ More Comfort in Lower Temperatures
- ✓ Less Run Time to Maintain Temperature; Saves Propane

DISCLAIMER: Due to code the following floor plans are equipped with 30,000 BTU in place of the 35,000 BTU Furnaces: 26BH, 26ATH
